

## Education

### Western Washington University

Bachelor of Arts in Business Administration  
Concentration in Management Information Systems

### Academic Record

3.59 Cumulative GPA  
3.71 Major GPA

## Awards/ Honors

Kristine Worland MIS Scholarship Award  
CBE Department Scholarship Award  
2009 MIS Outstanding graduate of the year  
National Society of Collegiate Scholars Invitee  
Cum Laude Honors Graduate

### Web Management Certificate

Certificate accredited and awarded by  
Western Washington University

## Experience

### Dynamic Web and E-commerce Development

- Constructed a dynamic database driven bookstore and shopping cart using PHP and MySQL
- Wrote a web based virtual timesheet application in C# and ASP.NET
- Created an online Music Store powered by Amazon.com's product catalogue API
- Experience implementing site security using the .NET Authentication/Authorization framework.
- Wrote a dynamic mapping module using the Google Maps API.
- Work closely with clients on freelance development projects to generate requirements and provide optimal solutions that meet or exceed expectations.

### Database Design

- Part of a team that developed a relational database in Access for support in data management and reporting used for a Non-Profit organization.
- Experience creating database back-end applications for dynamic data driven web content.

### Systems Analysis

- Part of a team that worked with upper management from the Whatcom County Dominos Pizza chain to investigate current IT and system infrastructure and develop a plan to boost efficiency. Resulted in discovery of business process inefficiencies that when automated resulted in cost and time saving benefits.
- Aided peers in solving various problems in the computer labs / provided classroom tutorials on collaborative software.
- Designed an Excel based Decision Support System linking to an Access database of historical grocery prices and food categories. The system monitored pricing trends with graphical front end components and made suggestions on when to buy various products.

### Leadership

- Team experience managing a simulated IT project using Project Professional
- Project Leader on a 5-year marketing plan for The Woods Coffee
- MISA Vice President of Promotions
- 100+ Hours of Community Service
